Fahaheel, Ahmadi, Kuwait

OBJECTIVE

Driven and adaptable IT professional with a solid foundation in cloud, networking, and DevOps tools. Seeking a role where I can contribute to building reliable infrastructure, enhance system performance, and continue advancing my technical expertise. Passionate about delivering efficient and secure IT solutions that support business growth.

SKILLS

- **Cloud Platform:** AWS (EC2, S3, RDS, IAM, VPC, Lambda, EBS, EFS, Route 53, ALB)
- **DevOps Tools:** Docker, Kubernetes, Terraform, Ansible, Git
- **Monitoring Tools:** Nagios, Zabbix, AWS CloudWatch
- **System Administration:** RHEL (User/Group Management, Permissions, SELinux, LVM, SFTP, NFS, Cron Jobs), Apache, Nginx, Bash Scripting
- **CI/CD:** Jenkins, GitHub Actions
- **Configuration Management:** Ansible (Playbooks, Roles, Task Automation)
- **Programming Languages:** JavaScript, Python
- **Web Technologies:** HTML, CSS, Bootstrap
- **Databases:** MySQL
- **Design & Layout:** Figma, CSS Flexbox, CSS Grid
- **Tools & Platforms:** VS Code, Android Studio, Jira, GitHub, Postman

EXPERIENCE

- **Cloud & DevOps – IPSR Solutions Ltd** Feb 2025 – Present
Worked with cloud, automation, and container technologies Kozhikode, Kerala
 - Hands-on experience with AWS services including EC2, EBS, EFS, S3, RDS, IAM, VPC, Lambda, ALB, Route 53, and configuring security groups to manage access and enhance security.
 - Proficient in containerization and orchestration using Docker and Kubernetes, including creating, managing, and scaling containerized applications in cloud environments.
 - Automated server provisioning and configuration using Ansible playbooks to manage tasks like package installation, service handling, and user management across multiple servers.
 - Administered Red Hat Enterprise Linux (RHEL) systems with user management, permissions, package handling, LVM, SELinux, cron jobs, SSH, SFTP, and web servers like Apache and Nginx.
 - Automated infrastructure provisioning using Terraform and managed configuration using Ansible playbooks (IaC).
 - Installed and configured Nagios and Zabbix for system monitoring and alerting.
 - Hosted WordPress using RDS, NAT Gateway, and ALB in a scalable AWS environment.

EDUCATION

- **APJ Abdul Kalam Technological University** 2020 - 2024
Bachelor of Technology - Computer Science and Engineering
- **Rani Public School** 2020
Higher Secondary Education - CBSE
- **Rani Public School** 2018
Secondary Education - CBSE

PROJECTS

- **Automated WordPress Hosting with phpMyAdmin & SSL using Ansible on AWS**
Tools: Ansible, AWS EC2, RHEL 9, Nginx, WordPress, phpMyAdmin, SSL, MariaDB 
 - * Deployed a WordPress website on an AWS EC2 instance running RHEL 9 using Ansible automation.
 - * Configured Nginx and MariaDB to host WordPress and integrated phpMyAdmin for database management.
 - * Automated SSL certificate installation and enabled HTTPS using Certbot.
 - * Created and managed Ansible playbooks and inventory files for seamless and repeatable deployments.
- **SPOTWISE: Smart Parking System**
Tools: React.js, Node.js, PostgreSQL, Razorpay, HTML, CSS, JavaScript, GPS 
 - * Designed the front-end UI in Figma for an intuitive user experience
 - * Developed real-time parking slot monitoring features.
 - * Implemented passwordless login with OTP for enhanced security.
 - * Optimized data management for efficient storage and processing.
- **SIMON GAME: Classic Simon memory game.**
Tools: HTML, CSS, JavaScript 
 - * Created an interactive game interface with engaging visuals.
 - * Implemented game logic for random sequence generation and user input.
 - * Integrated sound effects to enhance the gameplay experience.
 - * Designed intuitive controls for easy player interaction.
- **WEATHER FORECAST: Web app for current weather data by city name.**
Tools: Node.js, Express, Axios, OpenWeather API, EJS, CSS 
 - * Implemented a user-friendly form for city name input to retrieve weather information.
 - * Displayed current weather conditions, including temperature, humidity, and wind speed with icons.
 - * Ensured responsive design for optimal viewing on both mobile and desktop devices.

CERTIFICATIONS

- * **The Complete Full-Stack Web Development Bootcamp – Udemy** Feb 2025
 [View Certificate](#)
- * **Internship on Python – Reverttech** 2023
 [View Certificate](#)
