PROFESSIONAL EXPERIENCE

Assistant Manager, Logistics & Supply Chain

Chinese Palace Group — Multi-Brand FMCG Distribution (7 Sites, Dubai UAE)

Sep 2025 – Present

- Oversee daily logistics operations for a 7-brand FMCG distribution network implementing strategies to optimize supply chain performance achieving 99.9% inventory accuracy and 98.5% on-time delivery across Dubai and UAE markets.
- Monitor and analyze KPIs including delivery accuracy, inventory turnover, shrinkage rate, and fulfillment cost; collaborate with sales and customer service teams to address client needs and resolve operational issues with corrective actions.
- Manage carrier and supplier relationships coordinating with 100+ vendors; ensure compliance with UAE shipping regulations and food safety standards; conduct regular logistics process audits achieving 100% Dubai Municipality compliance.
- Foster a culture of safety and compliance; lead sustainability initiatives including green logistics practices, waste reduction programs, and carbon footprint minimization aligned with UAE environmental requirements.
- Identify automation and process optimization opportunities reducing order cycle time by 18% and picking productivity by 22%; implement digital tracking systems enhancing supply chain visibility and operational efficiency.
- Oversee warehouse operations and inventory control implementing FIFO/FEFO protocols, cycle counting, and variance analysis achieving 45% reduction in write-offs and 35% shrinkage reduction; prepare logistics performance reports for senior management.

Senior Logistics Manager

Delhivery Ltd — E-commerce Logistics Network (50+ Distribution Centers)

Aug 2021 - Aug 2025

Oversaw daily logistics operations across 50+ distribution centers ensuring efficient supply chain management for 500K+ daily orders; developed and implemented logistics strategies achieving 98.5% on-time delivery, 99% inventory accuracy, and 12% overall cost reduction.

- Monitored and analyzed KPIs — on-time delivery, order accuracy, cost-per-shipment, carrier performance, and warehouse productivity — identifying improvement areas and implementing corrective actions driving measurable operational gains network-wide.
- Managed relationships with 25+ carriers, 200+ suppliers, and 3PL partners, negotiating contracts, governing SLAs, and reviewing vendor performance scorecards; ensured service quality achieving 98.5%+ on-time delivery across all sites.
- Ensured compliance with local and international shipping regulations, conducting regular audits of logistics processes across 50+ facilities to verify accuracy, efficiency, and regulatory adherence — achieving a 100% compliance record.
- Led cross-functional teams of 500+ staff across operations, logistics, warehouse, and procurement to coordinate activities and implement best practices for inventory management and order fulfillment; resolved operational issues and corrective actions as needed.
- Developed and delivered training programs for 500+ logistics staff enhancing operational skills, safety awareness, and technology proficiency — reducing errors by 30% and improving productivity by 22%.

- Collaborated with sales and customer service teams to address client needs, translating service requirements into operational priorities and maintaining a 96% customer satisfaction score.
- Drove continuous improvement initiatives using Lean Six Sigma methodology, identifying automation opportunities including RFID implementation and route optimization delivering INR 25L+ annual savings; stayed current on industry trends and logistics technology advancements.
- Prepared and managed annual logistics budgets exceeding INR 50 Crore ensuring cost efficiency, controlling invoice expenditure, and aligning resources with operational requirements within budget.
- Prepared monthly and quarterly logistics performance reports for senior management review, providing KPI analytics, trend insights, and strategic recommendations enabling data-driven decisions.
- Fostered a culture of safety and compliance across all sites; developed contingency plans for supply chain disruptions including backup carrier arrangements and emergency protocols ensuring continuity during 3X peak volume spikes.
- Led corporate sustainability initiatives — green logistics programs, reverse logistics optimization, and emission-reduction routing — reducing carbon footprint and aligning operations with environmental best practices.

Assistant Manager, Warehouse & Logistics

Feb 2020 – Sep 2021

PureMart — E-commerce FMCG Platform

- Oversaw daily logistics operations for FMCG e-commerce platform implementing best practices for inventory management and order fulfillment achieving 99.3% order accuracy and 15% cost reduction through continuous improvement initiatives.
- Monitored KPIs, conducted logistics audits, developed staff training programs, managed carrier relationships, and collaborated with sales teams; prepared logistics performance reports and developed contingency plans maintaining operational continuity.

Process In-Charge, Fulfillment & Dispatch

Jan 2019 – Jan 2020

Instakart Logistics (Flipkart E-commerce)

- Coordinated fulfillment and dispatch operations during peak e-commerce events processing 50K+ daily orders; monitored delivery KPIs, managed carrier coordination, and implemented corrective actions ensuring on-time dispatch and service quality.

Senior Analyst, Logistics & Supply Chain

Jul 2014 – Aug 2018

MS International Inc — International Distribution (USA, Canada, APAC)

- Managed logistics operations for Fortune 500 clients coordinating carrier relationships, ensuring international shipping compliance, monitoring KPIs, and developing logistics strategies achieving 98%+ on-time delivery and 15% cost optimization.
- Supported sustainability initiatives, staff training, budget planning, and senior management performance reporting across international logistics operations in USA, Canada, and APAC markets.
